# THE REWARDS OF WORKING AT RESOLUTION IT

- ⏻ **Personal progression** – gaining experience across a wide range of IT specialisms, coupled with being supported to achieve professional qualifications which raises your confidence
- ⏻ **Chance to specialise** – there are so many areas of IT to choose from – cyber security, cloud, digital transformation to name but a few
- ⏻ **Freedom to plan your own day** – no two days will ever be the same
- ⏻ **Being a part of something that is brand new** – you'll be at the forefront of an industry which is totally changing the way we work. The technologies you'll be working with now will not be the technologies you'll be working with further on in to your IT career
- ⏻ **Be part of a great team and actually love coming to work!**

## ARE YOU THE TYPE OF PERSON WHO IS

### PASSIONATE ABOUT TECHNOLOGY

Maybe you already are without even knowing it. Are you in to the latest phone, tablet, app and keen to know what these things can do

### INQUISITIVE

The IT industry moves so fast, you not only need to keep up with it but be ahead of it

### OUTGOING AND SOCIAL

IT is not for basement dwelling introverts. You need to like people, be able to get on with them and want to work as part of a team

### ORGANISED

With such a variety of projects and clients on the go, you need to be able to manage your workload and be good at timekeeping

### CONFIDENT

You'll need to be comfortable talking to and eventually advising everyone from a junior member of staff, right up to the Managing Director

If you are interested in a career in IT please contact us, we would like to meet and have a chat with you!
